# Dental Implants in Pickering

*Strong, lasting solutions for missing teeth*

## What Are Dental Implants?

Dental implants are titanium posts surgically placed into the jawbone to replace missing tooth roots.

They support crowns, bridges or dentures — giving you a permanent, natural-looking smile.

Implants restore your ability to eat, speak and smile with full confidence, and can last a lifetime with proper care.

## Why Choose Implants?

- ✓ Looks & feels like natural teeth
- ✓ Permanent & long-lasting solution
- ✓ Preserves jawbone & facial structure
- ✓ No slipping or adhesives needed
- ✓ Easy to clean — just brush & floss
- ✓ Boosts confidence & quality of life

# Invisalign® Clear Aligners

*Straighten your teeth discreetly — no metal braces!*

- ✓ Nearly invisible — nobody will notice
- ✓ Removable for eating, drinking & brushing
- ✓ Comfortable — no metal wires or brackets
- ✓ Certified Invisalign Provider clinic
- ✓ Suitable for teens and adults
- ✓ Shorter treatment time vs traditional braces
