

Junior's Nutrition · Clean Everyday Food For Growing Kids & Expecting Mothers

Junior's Nutrition

Kids & Pregnancy Nutrition · Ahmedabad

juniorsnutrition.com makes everyday nutrition for the two stages that matter most — the months a mother is carrying, and the years a child is growing fastest. Instant ragi and almond mixes, protein and nutrition bars, and a trimester drink mix, all built on recognisable ingredients rather than a list nobody can pronounce. No added preservatives, no artificial colours.

✓ Ingredients you would recognise in your own kitchen

★ Weaning mixes · Nutrition bars · Trimester drink mix

◆ Made in Ahmedabad, delivered across India

From the Junior's Nutrition range

01

Weight Gain Powder for Kids

For Parents Counting Every Gram On The Growth Chart

Explore weight gain powder for kids at Junior's Nutrition — instant ragi and almond mixes made from wholegrains and nuts, easy to cook and easy for little ones to finish.

- Instant Ragi Almond Mix — ragi, almonds and wholegrains
- Cooks in minutes into a smooth porridge babies actually eat
- No added preservatives, artificial colours or refined sugar
- Portion guidance on pack so you are not guessing quantities

Food product, not a medicine. Consult your paediatrician or doctor before changing a child's or an expecting mother's diet.

02

Pregnancy Snacks to Buy

Something To Keep In Your Bag For The 4 PM Slump

Looking for pregnancy snacks to buy? Junior's Nutrition makes wholesome nutrition bars for expecting mothers — no maida, no artificial colours, and easy to carry anywhere.

- Ready-to-eat bars for cravings between meals
- Built on nuts, seeds and dates rather than refined flour
- Individually wrapped to keep in a handbag or hospital bag
- Full ingredient and nutrition panel printed on every pack

Food product, not a medicine. Consult your paediatrician or doctor before changing a child's or an expecting mother's diet.

03

Best Snacks for Pregnant Women

Snacks That Feel Like A Treat And Read Like Real Food

Browse snacks for pregnant women from Junior's Nutrition — bars and mixes with clean labels, made for the appetite swings that come with every trimester.

- Flavours that hold up when nothing else seems appetising
- Clean labels — every ingredient named, nothing hidden
- Portion-sized so a snack stays a snack
- The whole family can eat them, not just the mother-to-be

Food product, not a medicine. Consult your paediatrician or doctor before changing a child's or an expecting mother's diet.

04

Best Protein Powder During Pregnancy

Trimester Mix — A Glass That Is Easier Than A Full Meal

Considering protein powder during pregnancy? Junior's Trimester drink mix blends into milk or water for an easy, clean-label way to add nutrition on a difficult appetite day.

- Trimester drink mix — stirs into milk or water in seconds
- Helpful on days when solid food is hard to keep down
- Clean ingredient list with the nutrition panel on pack
- Discuss dosage with your doctor before starting
